## **Judge Timothy Feeley, Deputy Secretary, Kentucky Cabinet for Health and Family Services**

Governor Matt Bevin & Cabinet for Health and Family Services Secretary Vickie Yates Brown Glisson appointed Judge Timothy Edward Feeley as Deputy Secretary of the Kentucky Cabinet for Health and Family Services. Judge Feeley recently served as Family Court Judge for Oldham, Henry and Trimble counties, a post he had held since March 2005. Judge Feeley brings a wealth of knowledge and experience that will allow him to help families and children statewide.

Prior to his service on the bench, Feeley was elected to the Kentucky House of Representatives, serving the citizens of the 59th legislative district from 1999-2005. He also managed a solo private legal practice from 1996-2005. From 1989-1996 Judge Feeley was Assistant United States Attorney for the Western District of Kentucky, responsible for handling bankruptcy, collection and asset forfeiture cases on behalf of the federal government.

Judge Feeley received a BS in Economics from the University of Pennsylvania in 1978 and earned a JD from West Virginia University in 1985. A Veteran, Judge Feeley achieved the rank of Major in the U.S. Army and served four years as a staff Judge Advocate at Fort Knox, KY. Judge Feeley has been married for 32 years to Dr. Sue Feeley, a dentist in private practice. They reside in Crestwood, Ky. and have three daughters and one son.

## **Hasan Davis, J.D., H. D. Solutions**

### **Plenary: *Away from No Way: A Transformational Journey from J.D. to J.D.***

For close to twenty years, Mr. Davis has committed himself to improving the lives of Kentucky's children and youth. Mr. Davis's deep beliefs of the impact of committed adults on a child's success are based on his own early experience as a youth in the system. Mr. Davis, a G.E.D. recipient, earned a Bachelor's degree from Berea College and a Law Degree from the University of Kentucky College of Law.

From 2008 – 2014, Mr. Davis served as a member of the executive leadership team for the Kentucky Department of Juvenile Justice. As Commissioner of Juvenile Justice he spearheaded reform to ensure that all Kentucky youth are safe, supported and provided a pathway to success.

Over the course of his career, Mr. Davis has served as Director of the Lexington Youth Violence Prevention Project, Chair of the Kentucky Juvenile Justice Advisory Board, and Vice Chair of the Federal Advisory Committee on Juvenile Justice.

Currently, Mr. Davis provides educational and juvenile justice training and motivational talks nationally. He serves as a technical assistance provider for organizations, including the Office of Juvenile Justice and Delinquency Prevention, and to state and local juvenile justice, child welfare and education systems to ensure systems have the resources and information to address core requirements of the Juvenile Justice and Delinquency Prevention Act. Mr. Davis lives in Berea, Kentucky with his wife and their two sons.

Mr. Davis will be presenting a breakout session, *Creative Strategies for Engaging Youth and Families in System of Care Success*, on June 8 from 1:00—3:00 p.m. Mr. Davis will also be available on June 8 for a book signing in the exhibitor area outside the large ballroom.

**Rachel Bingham, Executive Officer, Department of Family and Juvenile Services, Administrative Office of the Courts & Chair, State Interagency Council**

Rachel Bingham serves as the Executive Officer of the Department of Family & Juvenile Services for the Kentucky Administrative Office of the Courts (AOC) and is the current chair of the State Interagency Council. Ms. Bingham holds a BA in Political Science and Public Administration.

Ms. Bingham oversees and supports the Citizen Foster Care Review Boards (CFCRBs) to expedite the permanent placement of Kentucky's children who are abused and neglected. She also administers programs which provide technical assistance, training, and support services to judges, court personnel, attorneys, social workers and community partners regarding family law and juvenile justice initiatives.

In addition, Ms. Bingham oversees the Court Designated Worker Program (CDW). CDWs are responsible for placing children in alternative placements prior to arraignment, conducting preliminary investigations, and formulating, entering into, and supervising diversion agreements and performing such other functions as authorized by law or court order. She manages the Truancy Diversion program to address truancy issues. Ms. Bingham's primary role is to continually enhance and develop court-community partnerships to improve the lives of the commonwealth's children and families.

Ms. Bingham will be a panelist in a breakout session, *Youth Disparities across System of Care Panel Discussion*, on June 9th from 1:00—3:00 p.m.

**Edward L. Palmer, Sr., Senior Pastor at The Sign of The Dove Ministries International, Chair for the Kentucky Subcommittee on Equity and Justice for All Youth (SEJAY), and Member of the State Interagency Council**

**Plenary: C.A.R.E. for all Kentucky's Youth**

Pastor Edward L. Palmer, Sr. is the Visionary, Senior Pastor and Co-Pastor with his wife Elizabeth (Angie) Palmer, for The Sign of The Dove Ministries International, located in Radcliff, KY. Pastor Palmer chairs or serves on many boards and state committees, inspiring all those he comes into contact with through his revolutionary approach. He has received the honor of serving the citizens of his city for a third term as a Radcliff City Councilman. He has most recently been appointed as a committee member of the State Interagency Council. He is on the Executive Board and Chair for the Ethnic and Cultural Diversity Committee, both appointments for the National Coalition for Juvenile Justice (CJJ). He is Chair for the Kentucky Subcommittee on Equity and Justice for All Youth (SEJAY), as well as a member of the Juvenile Justice Advisory Board (JJAB) where he works to eliminate disproportionate minority contact with the Juvenile Justice system. His ability to do so results from his insightful knowledge of God's practical applications and purposes. Having served in ministry for over 26 years and in the pastorate for 18 years; Pastor Palmer deems it essential that he invest a great deal of his energy developing and disseminating information that promotes service to humanity. He travels to Czech Republic, Africa and to various DMI churches in the U.S. peaching and teaching. He operates with undeniable vision and unyielding passion for the purposeful course on which God has set him, running his race with patience, diligence, vigilance and effectiveness. He is a resounding voice both nationally and internationally as he travels the globe speaking a message of hope.

Mr. Palmer will be presenting a breakout session, *A Conversation about DMC and Implicit Bias*, on June 9 from 3:30—5:00 p.m.

June 8, 1:00—3:00 p.m.

## **Engaging African American Youth in Treatment (ASU)** **Room: Salons A-C**

*Presented by: Mark Sanders, LCSW, CADC, owner of On the Mark Consulting*

In this workshop, you will learn how to engage African American youth in the first ten minutes of contact, how to overcome barriers to mistrust, a strength-based approach to engagement, effective cross cultural counseling strategies with African American youth, and how to incorporate culture in the treatment planning process.

Participants will learn 10 engagement strategies with African American youth, 5 strategies for overcoming barriers to mistrust, and 7 strength-based questions that are useful in engaging African American Youth.

## **#TURNUPYOLOLIT... Keeping up with the Latest Adolescent Substance Abuse Trends (ASU)**

**Room: Darby Dan**

*Presented by Theo Hersey, MSW, CSW, Social Worker Sr. at Lexington Day Treatment Center; Tara Mills, MSW, LCSW, Social Worker Sr. at Lexington Day Treatment Center*

It's no surprise that in today's world, filled with smartphones, social media outlets, and video gaming, that teenagers' interests and exposure to information about illegal substances and pop culture trends changes too fast for most adults to keep up. Adolescents are frequently looking for the next best high and are more willing than ever to explore new experiences in regards to the "turn up". In addition to new ways to "turn up", teens are also finding innovative ways of expressing loyalty to living fast and free. There has been an increase in clothing lines glorifying high risk behaviors in adolescents.

Participants in this workshop will learn to identify these

new trends, language used, and clothing worn by adolescents abusing drugs.

## **Understanding the Principles of Effective Intervention in Juvenile Justice (CWJJ)**

**Room: Salons G-H**

*Presented by: Pamela Lachman, Senior Associate, Crime and Justice Institute at CRJ and Jennifer Christie, Associate, Crime and Justice Institute at CRJ*

Rehabilitation programs and services for adolescents involved in the juvenile justice system are most effective when they are implemented and operated according to the Principles of Effective Intervention (PEI): risk, need, responsivity and fidelity. Decades of research have demonstrated that when these principles are adhered to, recidivism is reduced and there is an increased likelihood positive behavioral change. Understanding PEI is directly relevant to building high quality, evidence-based services for youth in the juvenile justice system in local communities throughout Kentucky. During this 2 hour training, participants will gain an understanding of the importance of adhering to these principles at all stages of the juvenile justice system. This session is recommended for members of the Family Accountability Intervention and Response (FAIR) Teams and Regional Inter-Agency Councils (RIACs).

## **DMC 101: A Historical and Contemporary Exploration of Racial Disparities in the Juvenile Justice System (CWJJ)**

**Room: Calumet**

## **"But He Wears Hearing Aids!" - A Primer on Meeting the Holistic Needs of Children who are Hard of Hearing (DHHS)**

**Room: Dixiana**

*Panelists: Matthew Bush, MD, Department of Otolaryngology – Head and Neck Surgery at University of Kentucky Chandler Medical Center; Brian Tomlinson, Board Member at Lexington Hearing and Speech Center; and Peg Barry, AuD., Audiology/EHDI Branch Manager with Commission for Children with Special Health Care Needs*

*Facilitated by: Michelle Niehaus, LCSW, Program Administrator with Department for Behavioral Health, Developmental and Intellectual Disabilities*

Service providers can easily minimize the impact of "mild" hearing loss and the needs of children who wear hearing aids or Cochlear Implants. Yet, effective communication is essential in behavioral health treatment. This session will provide information on levels of hearing loss, how children may be affected at home, in school, in the community, and treatment planning suggestions / resources for providers.

Participants will have a working knowledge of how hearing loss may impact individuals from benefitting from behavioral health treatment. Participants will learn some of the current technology and resources for serving children who are Hard of Hearing. Participants will consider treatment modifications and planning as it relates to providing services with meaningful communication.

## **Pediatric Abusive Head Trauma for Professionals (RECERT)**

**Room: Salon E**

*Presented by: Debbie Acker, Nurse Service Administrator at Department for Community Based Services*

Participants will learn the early signs of maltreatment and the various injuries and conditions that may result from vigorous shaking, slamming or impacting the head of an infant or young child. They will also be provided tools for coping with a crying infant and ways to share information with parents to prevent abuse from occurring.

Participants will review the statistics of abusive head trauma; define and describe abusive head trauma and its associated injuries; and discuss risk factors and prevention strategies and to understand the outcome for victims.

## **Early Interventions for First Episode Psychosis—An Introduction (TAY)**

**Room: Lanes End**

*Presented by: Janice Johnston, Behavioral Health Program Administrator with Department for Behavioral Health, Developmental and Intellectual Disabilities*

Each year, approximately 100,000 adolescents and young adults in the United States experience a first episode of psychosis. Data and research over the past two decades supports the value of early intervention following the first episode of psychosis.

Participants will gain an awareness of psychosis, and the prevalence of first episode psychosis among youth and young adults in Kentucky. Participants will develop an awareness of best practices in working with youth and young adults with or at risk of first episode psychosis.

## **Lessons of a Life and a Law (PREV)**

**Room: Calumet**

*Presented by: Charlotte Wethington, Recovery Advocate and serves on the statewide PAR board.*

Early intervention at the onset of drug use is key to stopping the progression to misuse and addiction, a lesson learned resulting in the loss of a life and a law. Education about Casey's Law can help to facilitate the success of this intervention and may help to save a life.

As a result of this session, the participant will become aware of why Casey's Law was initiated, be equipped with information to help facilitate and/or utilize the process of filing the verified petition, and be able to distinguish between facts and opinions about Casey's Law.

**Human Trafficking in Kentucky: What Providers Need to Know (PREV)**

**Room:** Salon D

*Presented by: Gretchen Hunt, Director, Office of Victims Advocacy and Allyson Cox Taylor, Director, Child Abuse & Exploitation Unit*

This session will provide an overview of laws, services and responses to victims of labor and sex trafficking. Special attention will be paid to the rights of child victims under KY's Human Trafficking Victims Rights Act.

Participants will be able to define labor and sex trafficking. Participants will be able to understand the role of DCBS, DJJ and CDWs with regard to victims of trafficking. Participants will be able to identify youth at risk for trafficking and red flags of human trafficking.

**Hearing Voices that are Distressing (TAY)**

**Room:** Lanes End

*Presented by: Janice Johnston, Behavioral Health Program Administrator with Department for Behavioral Health, Developmental and Intellectual Disabilities*

For those youth and young adults who experience a first episode psychosis that includes hearing distressing voices, managing these voices along with daily life can be overwhelming. Through a simulation exercise, participants will listen to distressing voices through headphones while completing a series of tasks. This workshop will also include a pre- and post-exercise discussion. This workshop is for those who do NOT hear distressing voices.

Participants will have a greater understanding of the complex nature of hearing distressing voices. Participants will have a greater understanding of the lived-experience faced by youth and young adults who experience auditory hallucinations. Participants will have a

greater understanding of effective ways to support youth and young adults who hear distressing voices.

**Transition Age Youth Panel: Hearing from the Source (TAY)**

**Room:** Darby Dan

*Presented by: Stephanie Sikes, TAYLRD State Level Youth Coordinator with Kentucky Partnership for Families and Children, Inc. and TAYLRD; and Elbert Wilson, State Level Youth Coordinator with Kentucky Partnership for Families and Children, Inc. and TAYLRD*

This workshop will provide an opportunity to hear from young people about their experiences in Kentucky's system of care. Questions pertain not only to challenges they faced, but also solutions related to navigating a youth-provider relationship.

Participants will learn details about young adult consumers' experiences receiving care. Participants will discuss solutions to improving the current system of care.

## **Habilitation Empowerment Accountability Therapy for Youth (H4Y): Using a Culturally Responsive Intervention to Reduce DMC (PREV)**

**Room: Salon B**

*Presented by: Darryl Turpin, Co-Principal with The Pinwheel Group*

Participants will review a culturally responsive intervention that is strength-based, trauma informed and gender specific for African American males ages 13-18. This session will discuss how trauma has impacted young African American males and why a specific intervention for this population is needed.

Participants will review best practices in working with young African American males in the juvenile justice system who use substances. Participants will discuss how trauma uniquely impacts young African American male populations. Participants will be introduced to a culturally responsive intervention Habilitation Empowerment Accountability Therapy (H4Y).

## **Loosening the Ties that Bind: How a Concerned Community Can Effectively: Identify Substance Use Problems, Gauge Support and Accurately Target Population Groups (PREV)**

**Room: Salon A**

*Presented by: Gary Hall, M.Ed., CPS, ICPS, Senior Director at RiverValley Behavioral Health*

This workshop shows how a group using SAMHSA's Strategic Prevention Framework can assess a community's needs, identify specific target populations/subgroups, measure support, planning for using the most effective

strategies to reduce substance misuse and evaluate effort.

Participants will better understand how to identify subgroups within a seemingly homogenous community; utilize cultural competence as one of many tools to help identify underlying attitudes and behaviors regarding substance misuse; understand how SAMHSA's Strategic Prevention Framework can be used to identify what are presenting problems and how to reduce them; and learn location of credible sites to obtain drug-specific and community data and evidence-based strategies to best reduce and prevent problems.

## **Domestic Violence: Why Doesn't She Just Leave? (RECERT)**

**Room: Salon D**

*Presented by: Jeanne Keen, Program Administrator with the Department for Community Based Services*

**Adolescent Substance Use: A Parent's 20 Minute Guide (YFDSC)**

**Room: Calumet**

*Presented by: Carol W. Cecil, Executive Director of Kentucky Partnership for Families and Children, Inc. and Barbara Greene, Kentucky Family & Youth Movement Project Coordinator with Kentucky Partnership for Families and Children, Inc.*

This session will utilize the Center for Motivation and Change's "The Parent's 20 Minute Guide" to assist participants in learning how to use the guide in their own work as clinicians and/or peer support specialists. It will also focus on the Community Reinforcement and Family

Training model by the Partnership for Drug Free Kids. Participants will have an increased knowledge of the Community Reinforcement and Family Training model. Participants will have a better understanding of the parent's experience in raising a child with a substance use disability. Participants will receive and practice utilizing "The Parent's 20 Minute Guide."

**Strengthening Families Caring Conversations Café (YFDSC)**

**Room: Salon C**

*Presented by: Laura Beard, Early Childhood Program Coordinator with Kentucky Partnership for Families and Children, Inc.*

The Caring Conversations Cafe promotes the six protective factors as identified by the Center for the Study of Social Policy and adapted by the Kentucky's Strengthening Families Initiative. Participants will experience the cafe process engaging parent, youth and service providers in building protective factors to promote healthy outcomes for children.

Participants will be able to name the 6 protective factors, learn the empowerment of personal voice through engaging structured conversations, and increase the knowledge and skills using the protective factors.

### **Room: Bluegrass Pavilion**

*Presented by: Edward L. Palmer, Sr., Pastor at The Sign of the Dove Church, Chair for the Kentucky Subcommittee on Equity and Justice for All Youth (SEJAY), and member of the Juvenile Justice Advisory Board (JJAB)*

Participants will be presented with disproportionality data from multiple system and then engaged in a conversation about implicit bias.

Participants leave with a knowledge and understanding of the magnitude of DMC in Kentucky. Participants engage in discussion on implicit bias and depart empowered to identify and address their individual biases. Participants have an increased comfort level to have discussions about race.

## **Introduction to Autism Spectrum Disorder (CWJJ)**

### **Room: Salon B**

*Presented by: Amy Cooper-Puckett, LCSW, Director for the Office of Autism*

This session will provide an introduction to Autism Spectrum Disorder (ASD) and provide information on the Advisory Council/Office of Autism and Kentucky Autism Initiative in Treatment, Training, and Research (KAITTR) clinics, which address reducing disparities while adhering to system of care values.

Participants will learn the basics of Autism Spectrum Disorder diagnosis. Participants will become familiar

with services in Kentucky for ASD across the lifespan.

## **What it Really Takes to Effectively Serve Deaf and Hard of Hearing Youth Needing Behavioral Healthcare (Family/DHH Perspective Panel) (DHHS)**

### **Room: Spendthrift**

*Presented by Robin Santa Teresa, Psychologist with Kentucky School for the Deaf; Lindsey Williams, Clinical Specialist for the Deaf and Hard of Hearing; Maryann Barth, MA, NCC, RTC, Adjunct Faculty; Sociology Department and Interpreting Training Department at Sinclair Community College; Stephanie Disney, Vestibular Audiologist at VA Medical Center; and Rudy Disney, child*

Join parents, youth, and specialists in Deaf Mental Health Care to discuss what it really takes to provide culturally and linguistically affirmative services. Their stories of trying to access varying levels of the continuum of care in both urban and rural areas will highlight access issues faced by the Commonwealth. Panelists will also discuss their recommendations on system improvement and invite others to join in their vision.

Participants will identify unique access barriers faced by individuals who are Deaf or Hard of Hearing seeking treatment. Participants will learn from family and youth perspectives on what is needed in the current and future system for better outcomes. Participants will learn current resources and identify potential partners for collaboration or consultation in their work with children who are Deaf or Hard of Hearing.

This interactive workshop provides opportunity to dive deeper into the different levels of youth involvement and discuss how you can more effectively engage youth and young adults in your work.

Participants will learn the 8 rungs of Hart's Ladder, and how each rung manifests in the role of the young person in their care. Participants will discuss the challenges to overcoming negative youth engagement experiences. Participants will learn the first steps to take when encouraging a young person to get more involved.

## **Homeless but not Helpless: The Benefits of Connecting Homeless Young People with Behavioral Health Services (TAY)**

**Room: Salon C**

*Presented by: Bernard Ball, TAYLRD Local Level Youth Coordinator with Seven Counties Services*

Local Youth Coordinators from the TAYLRD Seven Counties Services sites share their experiences in working with youth and young adults facing homelessness in the Bluegrass.

Participants will learn of 3 ways that connecting young people experiencing homelessness with mental health services has helped to improve their lives. Participants will discuss stigma around homelessness in young people, and hear the stories of young people experiencing homelessness here in Kentucky.

## **Using the 40 Developmental Assets in Youth Empowerment (TAY)**

**Room: Salon E**

*Presented by: Donnah Clark, TAYLRD Supported Employment/Education Specialist at Pathways, Inc. and Hollie Witkus, TAYLRD Regional Youth Coordinator*

Brief introduction to the Search Institutes' 40 develop-

mental assets. The asset approach is a useful way to support youth empowerment by looking at individual strengths instead of problems. It is also a very useful tool in supporting social and emotional development, as well as academic success in transition age youth. Data collected show increased numbers of developmental assets also support happy, healthy, young adults, and is the foundation upon which TAYLRD (Transitional Age Youth Launching Realized Dreams) provide program services.

Participants will learn to identify assets in youth and young adults, learn effective collaboration and coordination of care, and set realistic goals and objectives.

## **Gender Bread (YFDSC)**

**Room: Darby Dan**

*Presented by: Elbert Wilson, State Level Youth Coordinator with Kentucky Partnership for Families and Children, Inc. and TAYLRD*

The TAYLRD State-Level Youth Coordinator provides an educational workshop that explains gender and sexual diversity in an interactive way in order to increase awareness about the needs of lesbian, gay, bisexual, transgender or questioning youth and young adults.

In this workshop, participants will have an increased awareness of gender expression, gender identity, biological sex and sexual orientation. Participants will also develop an understanding of how to engage with youth who identify as LGBTQ in a sensitive culturally competent manner.

June 8: 9:30 a.m.—5:30 p.m. & June 9: 9:00 a.m.—5:00 p.m.

### **CANS Training for Clinicians**

#### **Room: Terrace Ballroom**

*Presented by: John Lyons, Ph.D., Senior Policy Fellow at Chapin Hall at the University of Chicago; Dorothy Hicker-son, Clinical Consultant for Project SAFESPACE*

This general CANS training for clinicians focuses on the use of the Child and Adolescent Needs and Strengths (CANS) and the certification of attendees. The CANS is an evidenced-based, standardized assessment approach that allows information about the status of a child and family to be organized to support effective planning.

Participants will learn and understand the key basic principles associated with the CANS. Participants will learn and understand the various domains and items measured by the CANS. Participants will learn how to administer the CANS as an assessment tool using a practice vignette. Participants will learn how to use the CANS to guide treatment planning with clients. Participants will obtain certification in the use of the CANS (for younger and older children) using a test vignette.

# Specialized Trainings

---

## June 10, specific times listed below

*trator with Department for Behavioral Health, Developmental and Intellectual Disabilities*

The first wraparound program serving Deaf families was born at The Learning Center for the Deaf. Since 2006 it has grown into a vital part of the Massachusetts System of Care approach offering four different home-based therapeutic services. Learn from the founders what they did, how, and why.

Participants will learn how to define and develop a Deaf friendly System of Care. Participants will identify Wrap-around principles and how to adjust them for a Deaf population. Participants will learn the roles of key service providers and how they are funded. Participants will learn how Deaf/Hearing teams can (and do!) work together to support each other and the families with whom they work.

### **CANS Training of Trainers (by DCBS invitation only)**

**8:30 a.m. – 5:00 p.m.**

**Room: Salon D**

*Presented by: John Lyons, Ph.D., Senior Policy Fellow at Chapin Hall at the University of Chicago; Dorothy Hickerson, Clinical Consultant for Project SAFESPACE*

This day of CANS training is exclusively for a subset of the individuals from the clinician training who wish to become certified CANS Trainers. Trainers are required to achieve three things: 1) Reliability of 0.80 or higher on a test vignette 2) Creation of a training vignette with recommended scores 3) Completion of a role-played introduction to their agency's CANS training. All trainers will be given training materials so that they can help their trainees become certified in the use of the CANS. Certification itself will remain a centralized function.

Participants will learn and understand the basics of Total Clinical Outcomes Management (TCOM) as it relates to the CANS. Participants will create a test vignette with recommended scores. Participants will understand the principles of using the CANS in supervision and training. Participants will examine and discuss the frequently asked questions and concerns around the use of the CANS, and brainstorm strategies to address them. Participants will obtain certification in administration of the CANS with a reliability of .80 or higher using a test vignette. Participants will complete a role-played introduc-

tion to their own CANS training.

### **Project SAFESPACE: An Overview for Clinicians**

**8:30 a.m. – 10:00 a.m.**

**Room: Spendthrift**

*Presented by: Dorothy Hickerson, Clinical Consultant for Project SAFESPACE and Nicole George, Project Manager for Project SAFESPACE*

This is an overview and information session on the Project SAFESPACE Process, specifically targeted toward behavioral health providers. Providers, either connected with a CMHC or a PCC/PCP, will complete a functional assessment that will be used to monitor progress over time, direct treatment planning and inform DCBS case planning.

Providers will be able to understand and communicate the SAFESPACE Process as it relates to children in Out of Home Care. Providers will understand their role in the SAFESPACE Process. Providers will gain an understanding of the goals connected with Project SAFESPACE. Providers will understand the timelines associated with completing a functional assessment for Project SAFESPACE.

### **CANS Trainer Booster Session**

**10:30 a.m. – 2:30 p.m.**

**Room: Spendthrift**

*Presented by: Dorothy Hickerson, Clinical Consultant for Project SAFESPACE; Nicole George, Project Manager for Project SAFESPACE; and Beth Jordan, Children's Branch Manager, Department for Behavioral Health, Developmental and Intellectual Disabilities*

An annual update for those already certified as a CANS Trainer. Trainers will discuss any outcomes measured and discuss any new uses in Kentucky. Trainers will discuss the training content used in Kentucky and discuss trainer requirements for the state.

Trainers will understand the training content required for training new clinicians. Trainers will have an understanding of any outcome trends identified using the CANS. Trainers will know the requirements to maintain trainer status in Kentucky. Trainers will obtain strategies for using the CANS in supervision.

# CEU Information

---

Nametags include a barcode that **must be scanned at entry and exit** of each plenary and session. Certificates for Continuing Education Units (CEUs) and Contact Hours will be generated after the conference based on participants' scans. **Please keep name badge easily accessible for scanner.**

The licensing boards have indicated that if a participant enters more than 10 minutes after a workshop begins, or if a participant scans out early, CEUs will not be awarded. No partial credit will be given.

**Scanning alone does not secure a CEU certificate; a signature is required.** Please be sure to sign in on the sheets that will be circulated during each plenary and session. These procedures are followed to ensure compliance with the licensure boards. Your responsiveness to these procedures is appreciated!

Certificates with CEUs or Contact Hours earned will be available online at <http://mtsreport.com/ksoc/> to download and print soon after the academy ends.

A \$5.00 fee will be assessed to replace lost nametags. See registration outside the Large Ballroom for a replacement.

If you have any questions regarding CEUs from this academy, please email [Caroline.delaRosa@ky.gov](mailto:Caroline.delaRosa@ky.gov).
